“meat free since '83”

**And they said it wouldn't last.**

Thirty-plus years ago, vegetarians, vegans, and even those who simply wanted to eat more healthfully were somewhat of a rarity. And yet Mickey and Jo forged ahead with their vision of bringing vegetarian diner food (read, *comfort food*) to the Midwest.

Using the highest quality and locally sourced meat-free ingredients, The Chicago Diner has surpassed our clientele's expectations. Not only have we opened a second, thriving location in Logan Square, we've also adopted vegan versions of **all** our menu items in recognition of the fact that animal-free is continually gaining ground. Read more at [www.veggiediner.com](http://www.veggiediner.com), and help us continue to make compassion the norm.

### Sustainability

We use local, seasonal ingredients and produce. All cleaning products are eco-friendly and our to-go containers are bio-degradable. We also use only FSC and Rainforest Alliance certified office paper. We practice bio-diesel conversion of our waste oil.
